

Ngoma Charts Missing Metadata Audit

Published Combined Top 50 singles and albums from September 2025 through July 2026. Generated from the local backend database after the August 1, 2026 enrichment pass. Production/public data may differ until the same metadata files are applied there.

Audited fields: release date/year, genre, label, distributor, country/code, ISRC, UPC, songwriters/producers for singles, track count for albums, artist country/genre/biography/image, and featured-artist links.

Summary	Value
Scope	September 2025 through July 2026
Rows included	1,100 Combined Top 50 chart entries
Complete rows	0 rows with no missing audited release/profile fields
